**ORDINANCE NO. 2018** 

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF GLENDORA, CALIFORNIA, AMENDING GLENDORA MUNICIPAL CODE SECTION 19.08.010 AND ADOPTING THE 2016 CALIFORNIA PLUMBING CODE

> THE CITY COUNCIL City of Glendora, California

THE CITY COUNCIL OF THE CITY OF GLENDORA DOES HEREBY ORDAIN AS FOLLOWS:

WHEREAS, pursuant to Government Code Section 50022.1, et. Seq., the City of Glendora is authorized to enact an ordinance which adopts any code by reference; and

WHEREAS, the California Building Standards Commission has adopted the triennial editions of the model codes (the "Codes"): and

WHEREAS, the City of Glendora has previously adopted the "Codes" and wishes to amend the most

recent version of the "2016 California Plumbing Code" WHEREAS, California State law allows certain technical and administrative amendments to the

"Codes" that are more stringent based upon local climatic, geographic, or topographic conditions. NOW, THEREFORE, THE CITY COUNCIL OF THE CITY OF GLENDORA, CALIFORNIA, DOES RESOLVE, DECLARE, DETERMINE AND ORDER AS FOLLOWS:

SECTION 1 Section 19.08.010 of the Glendora Municipal Code is hereby repealed and deleted in its

SECTION 2. A new Section 19.08.010 of the Glendora Municipal Code is added to read as follows: "19.08.010 Adopted by reference. As per the Glendora Ordinance No. 2011, the City adopted by reference the California Plumbing Code and its appendices, 2016 Edition, copyright to 2015 UPC held by the International Association of Plumbing and Mechanical Officials; copyright to all California state provisions held by the California Building Standards Commission; and said code was adopted in total as the law of the City. One copy of the code has been, and is now, filed in the office of the Building Official, and said code is adopted by reference as if incorporated and set out in full in this chapter.

This Code is amended to include a mandatory requirement for installation of backflow devices for all new sewer connections and for remodels when sewers are modified. This local amendment to the 2016 California Plumbing Code would continue the City's position and commitment with promoting safe and sanitary conditions to protect life, health and/or property for the citizens of Glendora. Due to the topography of the City, the public will benefit from this proactive measure by reducing and/or eliminating the risk of occurrence of sewer surcharges and backups from City owned sewers which would minimize damage to personal property, costs to mitigate and rebuild, and potential legal cost from inverse condemnation, stigma and emotional trauma.

SECTION 3. References to prior codes. Unless superseded or expressly repealed, references in City forms, documents and regulations to the chapters and sections of the former City of Glendora Municipal Code, Chapter 19, (Edited in 2013), shall be construed to apply to the corresponding provisions contained within the 2016 edited changes to Chapter 19 of the Glendora Municipal Code. City of Glendora Ordinance No. 1975 and all other ordinances or parts of ordinances in conflict herewith are hereby superseded and expressly repealed."

SECTION 4. Severability. If any section, subsection, sentence, clause, phrase, or portion of this Ordinance is for any reason held to be invalid or unenforceable by a court of competent jurisdiction, the remaining portions of this Ordinance shall nonetheless remain in full force and effect. The people of the City of Glendora hereby declare that they would have adopted each section, subsection, sentence, clause, phrase, or portion of this Ordinance, irrespective of the fact that any one or more sections, subsections, sentences, clauses, phrases, or portions of this Ordinance be declared invalid or unenforceable.

SECTION 5. The Mayor shall sign this Ordinance and the City Clerk shall attest and certify to the passage and adoption thereof and cause same to be published at least once in the San Gabriel Valley Examiner, a weekly newspaper of general circulation, published in the City of Glendora, which newspaper is hereby designated for that purpose (GC 40806); and thereupon, thirty (30) days after its passage this Ordinance shall take effect and be in force.

PASSED, APPROVED and ADOPTED this 22nd day of August, 2017.

City Council of Glendora, California BY: GARY BOYER, Mayor

APPROVED AS TO FORM: D. WAYNE LEECH. City Attorney

# What to Know if You Have Chronic Pain

For a dose of reality on the impact of opioid abuse, consider this: In the U.S., illicit and prescription drug overdoses now kill more people than cars or guns, more than HIV/AIDS did at its peak, and from 1998 to 2015 overdoses rose by more than 500 percent. According to the U.S. Centers for Disease Control and Prevention (CDC), 91 Americans die daily from an opioid overdose, totaling more than 33,000 people a year.

To combat the epidemic, government organizations and researchers are discussing strategies to provide relief to the 100 million Americans with chronic pain

"In May 2016, the CDC issued new guidelines for prescribing opioids, urging physicians to consider other treatments to help patients get relief and reduce the number of people who develop an opioid dependence," says Dr. Mark Wallace, chair of the division of Pain Medicine in the Department of Anesthesiology, University of California San Diego.

Fortunately, alternative treatment options exist that can help people manage their chronic pain. While not well known, spinal cord stimulation (SCS) is an FDA-approved option that has been proven to be safe and effective

The nerves in the spinal cord are constantly communicating with the brain, and in patients with chronic pain, those signals trigger pain that can be physically and emotionally debilitating. SCS therapy works by interrupting that pain signal from reaching the brain. It is a medical device that is implanted and is reversible unlike most surgical procedures. Patients undergo a trial period allowing them to evaluate it before deciding to receive a permanent implant.

In a recent study published in the journal "Pain Medicine," 86 percent of patients who underwent a trial with the Precision Spectra SCS System, a device made by Boston Scientific, reported a significant reduction in their pain and opted to receive an implant. When asked about their pain levels

two years later, approximately 70 percent of the patients in the Lumina Study reported equal to or more than 50 percent reduction in their overall pain.

Since its introduction more than 40 years ago, SCS technology has evolved, allowing for precise targeting and personalized treatment, which helps physicians better address the needs of their patients.

People struggling from chronic pain should consider talking to a pain management specialist about SCS, and visit www.ControlYourPain.com for more information. According to Dr. Wallace, key questions to ask include:

- Should I consider SCS?
- How can SCS treat my pain?
- What is the procedure like? "We all need to do our part to reduce the negative impact of opioid abuse. One key step is for patients and physicians to initiate conversations about other ways we can manage pain to help them return to their normal lives," says Dr. Wallace. (StatePoint)
