with Dignity Health, Kaiser Permanente to Open 'Los Angeles Surge Hospital'

LOS ANGELES COUNTY-Governor Gavin Newsom announced the establishment of the Los Angeles Surge Hospital, a temporary facility in Los Angeles that will expand access to additional beds and expand ICU capacity for patients who contract COVID-19. Dignity Health and Kaiser Permanente will partner with the State of California and the County of Los Angeles to open the facility, which will be located on the campus of the former St. Vincent Medical Cen-

ter in central Los Angeles.

Last month, under his Declaration of State Emergency and Executive Order, Governor Newsom authorized the leasing of facilities to respond to the COVID-19 pandemic, including the recently closed St. Vincent Medical Center. The hospital will create additional inpatient capacity in the community to treat the expected surge of patients with COVID-19 in the coming weeks. The facility will operate as a dedicated referral hospital and will not have an emergency room or accept walk-in patients. The County of Los Angeles' Department of Health Services will play

supplies and equipment are se-

a critical role in coordinating intake and transfer requests from hospitals across the County.

The Los Angeles Surge Hospital is expected to open April 13. It will open in phases, ramping up to accept more patients as physicians and staff are hired and cured, up to a projected capacity of 266 beds when fully operational. The State of California will

fund the hospital and its operations and will be responsible for obtaining all federal and state permits, licenses, and waivers to operate. The State is also responsible for procuring critical equipment and supplies, such as personal protective equipment and ventilators.

Dignity Health and Kaiser Permanente, two of California's largest not-for-profit healthcare systems, are providing expertise in establishing the Los Angeles Surge Hospital and will oversee management at the facility. Operational support will not diminish either healthcare system's existing frontline capacity.

"LA County has the largest concentration of confirmed COVID-19 cases in California. A time like this demands leadership, partnership, and collaboration-and I applaud my fellow leaders and our community partners who have risen to that challenge with aplomb," said L.A. County Supervisor Kathryn Barger. "Gov. Newsom's swift effort to utilize the space at St. Vincent's, and the collaboration of our private partners to operationalize this along with the Department of Health

Services, is a true testament to the strength of our community here in Los Angeles County. The Los Angeles Surge Hospital is one component of our county's comprehensive effort to respond to the need for surge capacity as we come together to serve our community."

"Under my direction, the Los Angeles County Department of Health Services will provide transportation, referrals and other support in tandem with Kaiser Permanente and Dignity Health to expedite the opening of this temporary hospital on the St. Vincent campus. Once operational, the facility will serve the region with the primary mission of increasing hospital capacity to care for patients with COVID-19 and helping slow the spread of this pandemic. This facility, located in the heart of my Supervisorial First District, will address our urgent health care needs through this unique public-private partnership among the State of California, LA County, Kaiser Permanente, and Dignity Health," said L.A. County Supervisor Hilda L. Solis.

"The opening of this COVID treatment facility speaks to the power of partnership at a critical moment, united in our shared mission of service to our communities as we confront this pan-

demic," said Dr. Christina Ghaly, Director for the Los Angeles County Department of Health Services (DHS). "We are grateful for the vision and support of the State of California, and the ingenuity and commitment of Kaiser Permanente and Dignity Health to open this medical facility at lighting speed, bolstering the resilience of our County's healthcare system and our ability to meet the medical needs of those impacted by this terrible virus."

"As we confront an unprecedented public health crisis, we are honored to be able to continue our legacy of service as part of this unique public-private partnership to expand access to additional beds as the COVID-19 threat continues to evolve," said Lloyd H. Dean - CEO of CommonSpirit Health, which includes Dignity Health hospitals. "More than ever, this is the time for our communities to come together to care for people affected by this disease. We have worked with each of these partners over time, and this groundbreaking collaboration will help meet the urgent demand for health care services in California."

"Beating this pandemic requires all of us to work together, nimbly and creatively, and there is no better proof of that than our collective work to stand up this surge hospital in a matter of days," said Greg Adams, Kaiser Permanente's chairman and CEO. "This temporary hospital will add much needed resources to help us safely meet the needs of an expected surge of patients affected by this pandemic. We are proud to be able to help launch it, and appreciate California's leadership and collaboration as we look to leverage every resource available to fight COVID-

Julie Sprengel, President of Dignity Health's Southwest Division, will serve as acting CEO. David Quam, MD, who served in multiple leadership roles for Kaiser Permanente, will be the Chief Medical Officer. Jason Black, RN, formerly of Dignity Health, will be the Chief Nursing Executive.

During and after the H1N1 virus pandemic that occurred in 2009 and 2010, West Covina Unified officials took steps to prepare for the possibility of a future pandemic.

Such efforts included adding precautionary cases of face masks to the District's yearly orders, ensuring the District would have an abundance of masks to protect staff.

"Kaiser Permanente Baldwin Park has been a great business partner and does exceptional work in our community and surrounding areas, and during this challenging time, it is important we stand together and offer any support we can," WCUSD Superintendent Dr. Charles D. Tax Day Now July 15: Treasury, IRS **Extend Filing Deadline And Federal Tax Payments Regardless Of Amount Owed**

WASHINGTON D.C. – The professional, tax software or us-Treasury Department and Internal Revenue Service announced today that the federal income tax filing due date is automatically extended from April 15, 2020, to July 15, 2020.

Taxpayers can also defer federal income tax payments due on April 15, 2020, to July 15, 2020, without penalties and interest, regardless of the amount owed. This deferment applies to all taxpayers, including individuals, trusts and estates, corporations and other non-corporate tax filers as well as those who pay selfemployment tax.

Taxpayers do not need to file any additional forms or call the IRS to qualify for this automatic federal tax filing and payment relief. Individual taxpayers who need additional time to file beyond the July 15 deadline, can request a filing extension by filing Form 4868 through their tax

ing the Free File link on IRS.gov. Businesses who need additional time must file Form 7004.

The IRS urges taxpayers who are due a refund to file as soon as possible. Most tax refunds are still being issued within 21 days.

"Even with the filing deadline extended, we urge taxpayers who are owed refunds to file as soon as possible and file electronically," said IRS Commissioner Chuck Rettig. "Filing electronically with direct deposit is the quickest way to get refunds. Although we are curtailing some operations during this period, the IRS is continuing with missioncritical operations to support the nation, and that includes accepting tax returns and sending refunds. As a federal agency vital to the overall operations of our country, we ask for your personal support, your understanding and your patience. I'm incredibly

proud of our employees as we navigate through numerous different challenges in this very rapidly changing environment."

The IRS will continue to monitor issues related to the COVID-19 virus, and updated information will be posted on a special coronavirus page on IRS.gov. This announcement comes following the President's emergency declaration last week pursuant to the Stafford Act. The Stafford Act is a federal law designed to bring an orderly and systematic means of federal natural disaster and emergency assistance for state and local governments in carrying out their responsibilities to aid

citizens. It was enacted in 1988. Treasury and IRS will issue additional guidance as needed and continue working with Congress, on a bipartisan basis, on legislation to provide further relief to the American people.

Preventing Price Gouging in a Pandemic

- The Los Angeles County Board of Supervisors approved a motion by Supervisor Mark Ridley-Thomas to strengthen consumer protections against price gouging during the COV-ID-19 pandemic. The Supervisor also urged the public to be wary of scams and other attempts to exploit their fears, and to report complaints to the County's Department of Consumer and Business Affairs (DCBA), which gained subpoena powers through his motion.

"It is imperative that the County take all reasonable and necessary steps to protect consumers from price gouging during this emergency," Supervisor Ridley-Thomas said. "It is unconscionable for anyone to force people to pay more than they should for supplies that they need, particularly during a pandemic."

The County's Board of Supervisors and Department of

LOSANGELES COUNTY Public Health declared a local and public health emergency on March 4, in response to the increased spread of COVID-19. The Supervisor's motion calls for strengthening the County's existing price gouging ordinance, which states that for 30 days following an emergency declaration, it is illegal to raise the prices of consumer goods by more than 10 percent.

Since the emergency declaration, DCBA has received hundreds of consumer complaints of price gouging and expects more. DCBA has also received complaints about businesses offering scam miracle cures. To date, no vaccine has been developed to cure COV-

Supervisor Ridley-Thomas' motion calls for giving DCBA subpoena powers to enhance its ability to investigate the complaints and refer them to the appropriate governmental agency for potential criminal or civil action. DCBA will coordinate enforcement with the LA Office of the County Counsel, LA County District Attorney, LA City Attorney and California State Attorney General as appropriate. It also called for extending the period during which consumer prices cannot be raised more than 10 percent after an emergency declaration.

"With coronavirus, the Department of Consumer and Business Affairs is on the front line in the fight against price gouging, especially when it comes to essentials like hand sanitizer, canned food, rice, toilet paper, medicine and other items," DCBA Director Joseph Nicchitta said. "I thank Supervisor Ridley-Thomas and the Board of Supervisors for advancing the rights of consumers during this unprecedented time." He also urged members of the public to submit complaints by going to the department's website, dcba.lacounty.gov, or by call-

COVID 19 - What We Know Now

The phase 1 of the COVID-19 pandemic is over and we are in phase 2 now. Phase one dealt with preparedness for the crisis which was defined in terms of health and economic consequences. Phase 2 is the reality check in the midst of actual crisis where COVID 19 is sweeping across the globe. The pandemic is unfortunately crushing dreams, lives and businesses in every country. This is crunch time for most of us except the southern hemisphere which is anxiously waiting for their winter in the months to come. Some countries are more impacted than others based on the level of preparedness to the pandemic and also because of logistic reasons. The testing for the virus is carried out or not carried out due to varying reasons per guidelines set forth by their countries. Unfortunately, the denominator for each country based on number of tests done will determine the real case fatality in the end. The final analysis of these figures will surface only after post-pandemic

epidemiological studies. What lies ahead? The more tests we do, the more we would know about the immunity of the people to combat this virus. This is of paramount importance especially when we collect data antibody tests (seroprevalence testing). Some labs have already started antibody (IGM and IGG) and others are still waiting for their reagents to arrive. Some antibody tests only require a drop of blood.

The Cellex and Mayo Clinic are launching their first antibody tests in a few days. These tests will shed light on deciding as to who has developed immunity to the virus. If you have developed immunity, we can use your convalescent serum antibodies to treat another patient who has not responded to convention treatment protocols. This way, we could also identify doctors and nurses who are immune to the infection and deploy them to treat

active COVID 19 patients. On the testing front, we con-

Dr Deepthi Jayasekara

tinue to test patients for COVID-19 with nasopharyngeal swabs and in some instances, self-collected nasal swabs for RT-PCR. The sensitivity of the test varies based on the lab (from 70% of routine RT-PCR to 90% POC GeneXpert and Abbot quick test).

On the treatment front, we continue to be in dire straits with shortages of antiviral medications and immune modulators like Hydroxychloroquine specially for outside prescriptions. But most hospitals are stocked up with Hydroxychloroquine, Azithromycin and some Tocilizumab (IL 6 inhibitor) for combat cytokine storm. Remdesivir (antiviral used for previous SARS and Ebola patients) is only available on compassionate basis via RDV NIAID study protocols. Some hospitals have added a new IL -1 inhibitor called Anakinra (which is used for severe Rheumatoid arthritis) based on a phase 3 trial from Italy. Corticosteroids are not recommended except for early ARDS (Acute Respiratory Distress Synmortality due to lung damage. Inhaled Nitric oxide and Viagra are being looked into through new ARDS trials in severe COVID-19 infections.

Some hospitals are inundated with patients confirmed with COVID 19 with entire floors open and dedicated to such admissions. ICU's of some hospitals in mid-city areas are completely overwhelmed by the patients on ventilators. The more the demand for ventilators, the more chaotic It gets. Most of us in the hospitals donn surgical masks on regular basis and N95 masks with face shields/gowns/ gloves for actual COVID patients and PUI's (Patients Under Investigation).

Let's all try to flatten the curve by observing CDC and local public health guidelines. Do not be a victim of fear mongering. We will overcome this monster in the weeks to come with absolute confidence. Please reach out to those who are in desperate need of your help now and beyond. This is your time to shine as a true leader!

WHEN A DISASTER STRIKES

DON'T GET OVERCHARGED

If the government declares an emergency, increasing the price of goods and services 10% or more may be price gouging.

BE AWARE

Price gouging is a crime.

After a disaster, price increases can occur at grocery stores, gasoline stations, housing, emergency and medical supply stores, and construction or repair services.

IDENTIFY

If you think a store or service provider is committing price gouging, compare prices prior to the state of emergency and in areas not affected by the disaster.

Consumers are protected from a price increase of 10% or more for 30 days on goods and services and for 180 days on contractor-related services. Keep detailed records of purchases you make during a declared emergency.

REPORT

If you believe you were a victim of price gouging, contact our department to file a complaint by calling (800) 593-8222 or visit us online at dcba.lacounty.gov.

Expands Tenant Protections for Renters in Unincorporated Areas of the County

Rent Freeze, Eviction Moratorium, Rent Stabilization Ordinances Provide Additional Protections for Tenants During COVID-19 Emergency and Beyond

- On Tuesday, the Los Angeles County Board of Supervisors issued an executive order placing a temporary rent freeze on eligible residential properties in the unincorporated areas of Los Angeles County in response to the COVID-19 health emergency. The temporary rent freeze is the latest in a series of protections the Board has enacted to protect renters, including an eviction moratorium and rent stabilization ordinances for multi-family units and mobile-

The temporary rent freeze means that owners of multifamily housing properties built before February 1995 in unincorporated Los Angeles County may not increase the rental cost for their tenants until May 31, 2020, unless extended.

Los Angeles County Board of Supervisors | Los Angeles County Opens New Drive-**Up Testing Sites, Increasing COVID-19 Testing Capacity For County Residents**

LOS ANGELES COUNTY

-LA County is ramping up COVID-19 testing sites, opening three additional locations on April 3, 2020 and developing many others countywide. The sites opening April 3 are at the Pomona Fairplex (Gate 17 - W. McKinley/Fairplex Drive), the South Bay Galleria (1815 Hawthorne Blvd., Redondo Beach, CA 90278), and the Antelope Valley Mall (1233 Rancho Vista Blvd., Palmdale, CA 91768). The testing is by appointment only. Walk-up appointments are not available.

At this time, testing is limited in Los Angeles. We are working to expand testing as quickly as possible to provide this service to all Angelenos who need it.

For the moment, these tests are strictly limited to residents of Los Angeles County who are in the most high-risk categories and most vulnerable.

Individuals eligible for testing at this time include:

- Those with symptoms who are 65 and older
- Those with symptoms who have underlying chronic health conditions
- Those who are subject to a mandatory 14-day quarantine period due to a confirmed

COVID-19 exposure (with more than 7 days of quarantine remaining)

For people who prefer not to visit a drive-through test center, there are a limited number of tests available at a walk-in clinic. Select the Carbon Health-Echo Park location on the appointment registration website.

Anyone interested in getting tested must first register on the screening website, coronavirus.lacity.org/Testing. This first step determines if people are eligible to be tested. At the website, individuals are asked to answer basic questions including name, date of birth, address, and whether they are exhibiting COVID-19 symptoms such as fever, coughing, and difficulty breathing. The website (in real time) determines and confirms an individual's testing eligibility. Those who receive confirmation of testing eligibility will then be given a selection of testing sites, available appointment times to complete the test registration process. The registration number will be required information at the test-

"drive-up" — clients stay in their cars for tests (though pedestrian clients with appointments can be tested as well). There are two types of tests: a nasal swab and an oral swab. The nasal swab is administered by trained hospital or fire department staff. The oral swabs are self-administered, meaning clients must swab their own mouths/throats using instructions provided to them at the site. The testing process takes between 5 and 10 minutes, however waiting times may

"TIME JOCKEY" - COVID Derby

By Joe Castillo

Off and Running... Santa Anita Racetrack has temporarily closed its venue indefinitely until the COVID-19 virus is contained and controlled. This weekend was set to host the Santa Anita Derby, a primary perp race for the Kentucky Derby which was originally to be held on the first Saturday in May, this year being May 2nd. But with the Kentucky Derby postponed until the fall, and California under semi-lockdown, it was only right that the Santa Anita Derby was also cancelled. But this is a great time to look back at the Great Race Place and the famous movies which have been filmed there.

One of the more recent films was Seabiscuit in 2003. Based on Laura Hillenbrand's book, the story was based on Santa Anita's most charismatic horse who won the heart of racing fans in the 1930's. The cast featured Toby Maguire, Jeff Bridges, Chris Cooper and Gary Stevens and was filmed throughout the racetrack. Scenes showed large crowds in attendance but during filming mannequins were used to fill the seats and grandstands. I wonder who the mannequins were betting on, I'm sure it was

the winner. In 1983, Santa Anita hosted the movie "National Lampoon's Vacation" with Chevy Chase providing the site for the fictious Walley World, a theme park which was the final destination of the Griswold family, who encountered adventure after adventure on route to the location. Johnny Depp played John Dillinger in "Public Enemies", a movie on the exploits of the infamous bank robber. Santa Anita was used in place of Hialeah Park in Florida, where rumors had Dillinger spending an afternoon while hiding from the authorities. I'm not sure if the story is true but I doubt Dillinger would have been recognizable by all the mannequins in attendance.

The first Seabiscuit movie was also filmed at Santa Anita in 1949 and starred Shirley Temple and Barry Fitzgerald. Actual black and white footage of the great racehorse was shown as part of the movie. One of my favorite movies was "The Lemon Drop Kid" with Bob Hope, who plays a con man who talks the girlfriend of a local hood to bet on another horse who badly loses. Hope then figures out a scheme to try and win back the money and of course laughs all the way to the bank. Incidentally, the horse which Hope eventually turns into a winner is named "Dreamee Joe".

In the 2006 movie, "Bobby", about the last day of Robert Kennedy's life and subsequent assassination, the final scenes in a kitchen pantry were filmed in the dining kitchen at Santa Anita. Kennedy was killed in 1968 after the results of the California Democratic Presidential Primary had him winning the vote. In 1937, the hilarious movie "A Day at the Races" with the Marx Brothers and Maureen O'Sullivan was filmed at Santa Anita. Groucho, Chico and Harper are all at their best trying to save the heroine with a wacky scheme which of course ends up working. Santa Anita has been host to a number of films as well as hosting actors and actresses, but this year the track is silent, and only the mannequins are allowed to sit and watch the greatest thoroughbreds compete....

No Blame Games, Just Fix-It ... Now

No one, no government level, ever thinks about a Disaster Plan until an emergency happens, unless you are former Gov. Arnold Schwarzenegger, California's last Republican governor, who back in 2006 built up a tremendous capability to provide essential emergency services to the people of this state should a pandemic or other catastrophe hit.

In 2006, Schwarzenegger, concerned about the impact of Hurricane Katrina and threats of an Avian Flu pandemic, decided to invest \$200 million to ensure the state was able to meet her responsibility and respond effectively to any disaster such as earthquakes, fires and even a pandemic flu.

RedState reports Dr. Carlos Aristeguieta coordinated the effort and California came out of the \$200 million investment fully prepared to deal with any disas-

- Three 200-bed hospitals to roll out on flatbed trucks with each the size of a football field.
- These units came with x-ray equipment, a surgical ward and fully equipped intensive care
- Reports indicated when first completed and rolled out these units came with 50 million N95 respirators, 2,400 ventilators and the ability to set up 21,000 additional patient beds in tents.
- Fully insulated tents, HVAC equipped with sleeping quarters for the staff.

Gov. Schwarzenegger told Jason Kandel of the L..A. Daily News in 2006, "In light of the pandemic flu risk, (Avian Flu) it is absolutely a critical investment ... I'm not willing to gamble with the people's safety."

When California and former Gov. Brown faced the big recession and a \$26 billion deficit, this critical emergency response unit disappeared. The equipment was given away or allowed to expire rather than spend \$5.8 million a year to update and maintain it.

Even after recovery and Brown's "rainy day fund" was established at \$21 billion and the new gas tax was commandeered to cover transportation costs and rumored pot hole fixes, there was no effort to put Schwarzenegger's Emergency Medical Re-

Shade's Perspective Lois M. Shade Former Mayor of Glendora

In the 2017 Office of Emergency Services Emergency Plan, Brown signs off on the document saying, "This plan considers the effects of climate change on emergency management and homeland security. As seen recently, climate change has greatly exacerbated floods, wildfires, drought, and other extreme weather events. The ever-lasting threats of destructive earthquakes and acts of terrorism further complicate our mission and underscore the need for comprehensive readiness and resilience." Climate change has not brought on this pandemic COV-ID 19 and California's majority leadership, under their Governor, so focused on its climate change agenda, did not prepare itself for this event, or supplemental resources for the fires that have ravaged our state.

L.A. Times, March 21st reported Gov. Gavin Newsom saying, "We need to have, I think, a different conversation in this country around testing." Newsom, in a briefing streamed live on social media, added, "And that is smart testing, targeted testing. And really delineate what is the purpose of testing."

Newsom, end of March, asked for that "targeted testing" of the COVID 19 to establish hot spots and determine how fast and where the pandemic flu bug was spreading. He discovered then that since 2011, California's public health labs designed for focused testing have disappeared. We now have 29 county and public health labs to serve 40 million people. Approximately the same number of labs we had for 10 million people in 1950.

es planning is, very simply, structured like a pyramid with local or city governments tapped as first responders in a situation, followed by reinforcements or backup by the counties and then states with the ultimate responsibility to respond with all their resources in a coordinated manner. Each level of government, within their plan, assigns responsibilities as dictated by their government codes. The police / law enforcement units have jurisdiction over those events they would normally deal with like crowd control, traffic management or taking charge of criminal activity; fire departments are the lead response agency if it is a hazardous materials event, fire or emergency medical response; health departments coordinate responses to health events; and so it goes down the line, with all departments and duties defined within each Emergency Response Plan. Additional resources should be defined in each plan, such as hospitals, clinical labs and their rolls

and capabilities. Local plans dovetail into county plans that dovetail into the state plans so all are consistent and work logically and smoothly together and incorporate mutual aid plans, hazard-specific plans and catastrophic specific plans. The federal government has responsibilities and jurisdiction only when the issues have become so rampant and insurmountable for state governments, like our current COVID 19 pandemic, they need the full force and support of the U.S. government.

That has occurred with COV-ID 19 and President Trump, Vice President Pence and the medical communities' specialists that have stepped up and done an incredible job responding to this country's urgent need for help.

House Speaker and California Senator Nancy Pelosi has asked for a bi-partisan House oversight committee to ensure COVID 19s funds are "spent wisely and effectively." James Clyburn (D., S.C.) asked to chair this committee, told National Review April 2nd, it would be a good chance to "... restructure things to fit our vision." Sen. Chuck Schumer added - great opportunity to put in

rus is dominating my every minute. But as I suggested last umns will be focusing on events

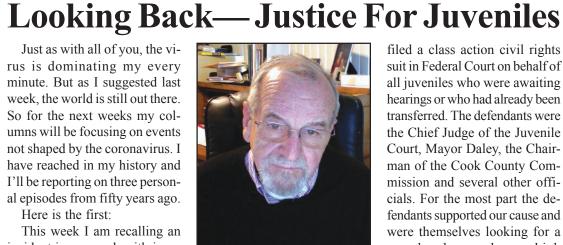

Just as with all of you, the vi-

week, the world is still out there. So for the next weeks my colnot shaped by the coronavirus. I have reached in my history and I'll be reporting on three personal episodes from fifty years ago.

Here is the first: This week I am recalling an incident in my work with juveniles. One day a call came regarding a fifteen year old boy who was being held in the Cook County Jail awaiting trial for allegedly committing a serious crime. Lock up a child in that place and you will probably create a lifelong criminal. This lad been in

this hell-hole for almost a year awaiting trial as an adult. When I arrived at the jail I was introduced to this sullen, frightened, 15 year-old child. During that encounter I discovered that there were a dozen others awaiting trial as adults. In Illinois a child was tried as an adult after a transfer hearing that would takeremove a youth from the protection of the juvenile authorities. These juveniles were being held in that facility because there was no oth-

er place to house them. I decided something had to be done, so I asked a friend to design an official-looking document titled "The Cook County Citizens Committee On Juvenile Justice." It listed me as the Executive Director and included the made-up names of a non-existing committee. The entire document was an official looking fake.

Charles H. Bayer

organization.(I guess I was a bit bolder in those days.) I sent it to the Chief Judge of the Juvenile Court asking for a meeting. A few weeks later I was invited to meet with him. I suspected he knew what I was doing, but realized that something needed to be done about a problem he could not solve, so he played along.

During the meeting I asked that the Citizens Committee be allowed to monitor all the hearings transferring children from the protection of the juvenile court into the adult criminal system. Under the rules these hearings were to be held in private. Permission was granted, and for the next year a group of us observed every hearing and made careful notes on what went on. When these young people were dragged from the Cook County jail to the courthouse for the hearing, you can imagine the mood they were in. Since there was considerable hostility accusing the county of gone soft on crime, very few of these juveniles escaped the adult system and its consequences.

When we had gathered enough evidence of how rotten the system was, we found lawyers who

filed a class action civil rights suit in Federal Court on behalf of all juveniles who were awaiting hearings or who had already been transferred. The defendants were the Chief Judge of the Juvenile Court, Mayor Daley, the Chairman of the Cook County Commission and several other officials. For the most part the defendants supported our cause and were themselves looking for a new legal procedure, which would move these juveniles into a safer facility. We won the case, and the County was required to build a separate facility. No longer would any juvenile be held in the Cook County jail. Of course, this did not solve the problem, but it offered a safer venue for these children, most of whom had committed violent crimes.

While society must take violent crimes seriously, I find it hard to believe that anyone, particularly a juvenile, is beyond redemption. When does the most hardened murderous sociopath become beyond help so must be locked up for the rest of his/her life? There are, no doubt, those who are so deranged that they can never again be allowed on our streets. All I knew at the time was that incarcerating juveniles in the county jail with a collection of adult criminals only generated hardened dangerous adults. Beyond that, I have never known what society might do about kids who are being made into thugs. I would be interested in hearing from anyone about your experiences with serious juvenile of-

MY TURN: "Our Country Wasn't Meant For This."

Don't be too upset with me if I ask this inconvenient question. While we have been making some jokes about the shutdown, calling it a 30-day trial period for Socialism, those that lean toward Socialism are probably puzzled by the humor.

Here is the question. Have you really taken notice of just WHO has been pushing this shut-

It is not the hardworking Americans, who feel frustration with a day off that never ends while they would prefer working.

Sorry folks, my answer is found in the "hardly working" Americans who are pressing the governors of sun belt states to close down the golf courses because golf is a symbol of what Progressives hate. And besides, who symbolizes golf the most?

Yep-"Mr. Orange Man Bad." It is found in the hardly working Americans who think religion is not essential, because after all, it is just a bunch of people gathering in a building and praising fairy tales. And besides, who symbolizes faith-based people the most? Yep-gun toting, right wing nut jobs who elected "Mr. Orange Man Bad."

Charles Lopresto

It is found in the hardly working Americans who find nothing wrong with a stimulus bill jam packed with entitlements provided by an entitlement queen named Pelosi. She would just as soon see hardworking Americans become hardly working Americans, much like what Lyndon Johnson did to Black Americans. That move ultimately destroyed their family structure. LBJ and now, Nancy Pelosi like a "vote grab" they desire to impose. A vote grab from welfare recipients needed to remove "Mr. Orange Man Bad."

It is found in the hardly working Americans who hate Corporate America and Entrepreneurship America, for that matter.

Why else would the "pillow heads" in the media ridicule Mike Lindell's success? Partly of course because of his relationship with "Mr. Orange Man Bad." But also, because the old Mike, who was a welfare receiving drug addict wandering aimless with his life and family in shambles, would be more profitable to Progressives than the new "bootstrap" Mike with faith, success and ambition. Redemption doesn't feed

I guess the answer is found in a Progressivism that finds more profitability in nationwide shutdowns then it does in allowing hardworking Americans to actually work and profit.

So yes, the virus is real, the shutdown is somewhat necessary on certain levels, and caution is always good. But we can't change who we are and we shouldn't. What brought us to the dance will need to be here to help us get through the dance. That is, the hard-working Americans, not the hardly working ones. And Progressives be damned.

Let's face it. Progressives REALLY wanted a shutdown way before any of us ever even heard of Wuhan, China.

Practical Jokes at Home During the Corona Virus Incarceration

I will just do this from a guy's prospective. Fun practical jokes while you are incarcerated or jailed at home with the other half during the government shutdown.

I think this one helped me get divorced from my first wife. She would often buy too much of certain products. One time she bought a large role of saran wrap. It was 3 feet wide. Have you ever tried to unwrap a sandwich that was wrapped up in a square yard of saran wrap? So, I decided to take this saran wrap and cover the toilet bowl with it. I then lowered the seat and the cover. I loosened the lightbulb in the bathroom so the light would not come on. She went into use the bathroom and she yelled out to me that the lightbulb is burned out. Within about 15 to 20 seconds, for some unknown reason, there was all kinds of profanity coming from that bathroom. For some reason she did not find the humor in that prank. I certainly did.

You can switch the drawers around in the dresser. She accused me of taking things out of one drawer and putting it into another. That wasn't the case. However, what she did next was a mindblower. She took everything out of each one of those drawers so all the drawers were empty and then repacked them again. Well that was smart.

Bubble wrap, you can have all kinds of fun with that. Once again, back to the bathroom. Place some bubble wrap underneath the seat and wait to see what happens when she visits the bathroom. She

George Ogden That's just the way it is!

will get a bang out of it. Wait, there's more. Place some strategically underneath your throw rug and wait for her to walk across them. Have your cell phone ready to video that.

This next one can work for almost anybody, if he or she leaves their cell phone out. When you get a hold of their phone, change your contact name to his/her mother's contact name and then send some weird text messages to him/her. Just wait for the replies as they will think it is coming from their mother.

This is an oldie but goodie. Wrap a rubber band around the kitchen sink spray hose handle for a wet surprise.

You can replace her deodorant stick with butter (or cream cheese). When she realizes what's going on it will be too late.

I kind of like this one. Take a bar of soap and replace it with a bar of cheese of the same color and size.

Air horns, everyone knows about those air horns. You can attach these to chairs, doors and many other things. A little bit of tape usually fixes these things in place to go off when your victim sits down, opens the doors or you simply sneaking up on them and blowing the horn. Have your cell phone on record.

When the old gal isn't looking, go ahead and change all the clocks to a different time. An hour before or an hour later. You can also reset the alarm for her to go off an hour earlier in the morning if she's working.

I think this one is quite clever and I have not done it vet. Take Mentos and freeze them in ice cubes. You know what those Mentos do when you put them in a soda bottle. It blows soda up to 15 feet and all over the place. Use these ice cubes for them if they are drinking soda. Stand back because they will make a mess within a minute. Blame them for being slobs. The old lady will love you for this.

This one is fun. Wait until the old gal falls asleep somewhere. On the couch while watching TV is the usual place for most. Wake her up and tell her she has a phone call and hand her some object that isn't a phone. Watch her as she tries talking into it. Some items that can be use are the TV remote, a banana, or a slipper.

I will warn you now that if you do any or all of this, you're doing at your own risk and I assume no liability. If time allows, and after our term of incarceration is served, I may attend your memo-

Don't forget, karma can be a B...., well you know.

Governor Newsom Grants Additional Relief for Business Taxpayers

Small Businesses Now Have Until July 31, 2020 to File First Quarter Returns

SACRAMENTO - In accordance with the Executive Order issued by Governor Newsom to expand tax relief for small business taxpayers, the California Department of Tax and Fee Administration (CDTFA) announced that all small businesses will have an additional three months to file returns and pay taxes administered by the department. Additionally, all businesses will have an extra 60 days to file claims for refund from CDTFA or to appeal a CDTFA decision to the Office of Tax Appeals.

CDTFA is providing a three-month extension for a tax return or tax payment to any businesses filing a return for less

approximate 99.5% of business taxpayers below the \$1 million threshold for their current California sales and use tax obligation, returns for the 1st Quarter 2020 will now be due on July 31, 2020. The same provisions apply to the other tax and fee programs administered by CDTFA. Qualifying taxpayers are not required to file a request for extension or request relief from penalty or interest. This automatic extension will remain in effect through the reporting of taxes and fees due on or before July 31, 2020.

In addition to the threemonth extension of time to file

than \$1 million in tax. For the and pay taxes, the Executive Order issued by Governor Newsom last night also provides business taxpayers with additional time to file claims for refund and appeals to the Office of Tax Appeals. Taxpayers looking to make refund claims with CDTFA during this period will have an additional 60 days to file. RESOLUTION CC 2020-12

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF GLENDORA, CALIFORNIA, ANNOUNCING INTENTIONS TO LEVY AND COLLECT ASSESSMENTS FOR THE FISCAL YEAR 2020-2021 FOR THE GLENDORA VILLAGE BUSINESS IMPROVEMENT DISTRICT AS PERMITTED BY THE PARKING AND BUSINESS IMPROVEMENT AREA LAW OF 1989 (CALIFORNIA STREETS AND HIGHWAY CODE SECTION 36500 et seq.)

THE CITY COUNCIL City of Glendora, California

WHEREAS, the City Council has previously established the Glendora Village Business Improvement District as provided by the Parking and Business Improvement Area Law of 1989 (California Streets and Highway Code Section 36500 et seg.); and

WHEREAS, the Glendora Village Business Improvement District Board and the City Council of the City of Glendora have determined that the Business Improvement District benefits the Area within the District by generating revenue for businesses within the Area to improve the physical and financial health of the Glendora Village, which serves as a business, social and cultural center of the City of Glendora, and thereby enhances the city's community at large; and

WHEREAS, the Glendora Village Business Improvement District Board has conducted significant outreach to member businesses to formulate a 2020-2021 work plan, budget and fee assessment schedule that would be fair, reasonable and in compliance with the Mission Statement of the Glendora Village Business Improvement District and California Streets and Highway Code Section 36500 et.

WHEREAS, the continuation of the Glendora Village Business Improvement District and the concomitant levy of assessments will promote the economic revitalization of the downtown area of the City, create jobs, attract new businesses, and help prevent the erosion of the Downtown Village Area. In addition, the Glendora Village Business Improvement District enhances and promotes the City, culturally and commercially; and

WHEREAS, the City Council desires to conduct a formal hearing on the District Board's report, proposed budget and proposed assessments for the Fiscal Year 2020-2021.

SECTION 4. The City Council of the City of Glendora hereby approves the report approved by the Glendora Village Business Improvement District Board for the fiscal year 2020-2021. The proposed method and basis of levying the annual assessment for each business in the Area for the fiscal year 2020-2021 is set forth in Exhibit B attached hereto and made a part hereof. The formula consists of three elements in order to determine the total assessment a business would pay, based on the type of business, whether the business is retail/food service or other service, and the physical location of the business.

SECTION 5. The report approved by the Glendora Village Business Improvement District Board for the fiscal year 2020-2021 is on file in the City Clerk's office, and contains a full and detailed description of the improvements and activities to be provided, the boundaries of the Area, and the proposed assessments to be levied upon the businesses within the Area for the fiscal year 2020-2021

SECTION 6. Should the proposed annual assessment for the fiscal year 2020-2021 be approved, it is the intent that all businesses pay their annual assessment when they obtain, renew or change their businesses license with the City of Glendora.

SECTION 7. The City Council shall not exempt a business recently established in the Area from the levy of the assessments as allowed in Streets & Highways Code Section 36531.

SECTION 8. The City Council hereby sets a public meeting on May 12, 2020 at 7:00 p.m. at the City Council Chamber within City Hall located at 116 E. Foothill Boulevard, Glendora California, 91741. At that time the City Council shall allow public testimony regarding the 2020-2021 proposed work plan and proposed fiscal year 2020-2021 assessments of businesses within the Area.

SECTION 9. The City Council hereby sets a public hearing on May 26, 2020 at 7:00 p.m. at the City Council Chamber within City Hall located at 116 E. Foothill Boulevard, Glendora California, 91741. Any protest pertaining to the regularity or sufficiency of the proceedings shall be in writing and shall clearly set forth the irregularity or defect to which the objection is made. Every written protest shall be filed with the City Clerk at or before the time fixed for the public hearing. The City Council may waive any irregularity in the form or content of any written protest and at the public hearing may correct minor defects in the proceedings. A written protest may be withdrawn in writing at any time before the conclusion of the public hearing. Each written protest shall contain a description of the business in which the person subscribing the protest is interested sufficient to identify the business and, if a person subscribing is not shown on the official records of the city as the owner of the business, the protest shall contain or be accompanied by written evidence that the person subscribing is the owner of the business. A written protest which does not comply with this section shall not be counted in determining a majority protest.

If written protests are received from the owners of businesses in the proposed area which will pay 50 percent or more of the assessments proposed to be levied and protests are not withdrawn so as to reduce the protests to less than that 50 percent, no further proceedings to levy the proposed assessment, as contained in the resolution of intention, shall be taken for a period of one year from the date of the finding of a majority protest by the city council. If the majority protest is only against the furnishing of a specified type or types of improvement or activity within the area, those types of improvements or activities shall be eliminated.

At the conclusion of the public hearing to establish the assessment for the fiscal year 2020-2021, the City Council may adopt, revise, change, reduce, or modify the proposed assessment or the type or types of improvements and activities to be funded with the revenues from the assessments.

However, proposed assessments may only be revised by reducing any or all of them.

SECTION 10. The City Clerk is hereby directed to mail a complete copy of this resolution of intention and a cover letter advising that the City Council has been requested to set the fiscal year 2020-2021 annual assessment as permitted under the California Streets and Highways Code by first-class mail to each business owner in the Area within seven days of the City Council's adoption of this Resolution of Intention. BACKGROUND

Consolidated Plan: Every five years, the CDBG program requires that the City adopt a "Consolidated Plan," which establishes the goals and objectives of the City's CDBG program. During the development of this 2018-2023 Consolidated Plan, which forms the basis for establishing objectives and outcomes in the Strategic Plan and five (5) subsequent Annual Action Plans, the following priority needs and objectives were established:

- 1. Infrastructure and Public Facilities: Improve and expand infrastructure and public facilities that benefit low- and moderate-income neighborhoods and residents.
- Economic and Human Development: Provide for the economic development needs of lowand moderate- income persons and neighborhood target areas.
- Fair Housing: Promote fair and equal housing choice for all persons.
- Administration and Planning: Provide for administration and planning activities to carry out actions that address identified needs in the Consolidated Plan.

These established Priority Needs form the basis for allocating investments geographically within the City during the next five-year period and are a result of various community outreach efforts and consultation meetings developed under the Citizen Participation process.

Only eligible activities that receive a High priority level in the FY 2018-2023 Consolidated Plan will be funded during the five year period.

Annual Action Plan: The Annual Action Plan is part of the Five-Year Consolidated Plan and serves as the City's application for funding from HUD. The City of Glendora anticipates an allocation of approximately \$304,630 of CDBG funds for FY 2020-2021. In addition to the annual allocation, \$32,139 of unprogrammed funds from prior years and \$33,783 in unspent funds allocated to CDBG administration in FY 2018-2019 are available for a combined total of \$370.552 in CDBG programming for FY 2020-2021. The Glendora City Council will approve the final plan after the minimum 30-day comment period at the May 12, 2020 meeting for the adoption of the Plan.

Based on the limited amount of resources available to the City, statutory restrictions, and the Priority Needs established, staff recommendations for the FY 2020-2021 CDBG One-Year Annual Action Plan are as follows:

ACTIVITY	AMOUNT
General CDBG Administration	\$30,552
Fair Housing	\$15,000
Administration and Fair Housing Sub-Total	\$45,552

Street Improvement Project (Dawson/Pennsylvania/Washington) \$220,000 Street Improvement Project (Mountain View Ave. w/ Alley) \$105,000

Total CDBG Budget for Fiscal Year 2019-2020 \$370.552*

*Final Funding Allocation and Adjustments: As HUD may not release the final allocation prior to the May 12, 2020 public hearing, projects will be adjusted proportionately once HUD releases their budget. In Addition, at the March 24, 2020 Public Hearing, City Council approved the itemized projects listed above, however they directed staff to explore the possibility of utilizing a portion or all funds to fund a project that would assist Small Businesses impacted by COVID-19. This use is permissible under Economic and Human Development, a goal and objective established within the 2018-2023 Consolidated Plan.

Government Stimulus Tries To "Make Ends Meet"

The USA's recent \$2 trillion stimulus bill was massive, generous, and unprecedented. Yet, it will not prevent a technical recession (with both the 1st and 2nd quarters of 2020 likely generating negative GDP growth). In fact, unless many people get back to work by May, this stimulus bill may not prevent the biggest onequarter GDP drop on record (during the 2nd quarter of this year).

Many economists are looking at China to estimate what the Coronavirus recovery may look like here. The accuracy of China's news is always questionable, but even then, it has not been encouraging. Per recent WSJ commentary, Chinese businesses were eager to reopen as the number of coronavirus cases reportedly crested. While it was a struggle to get workers in place, most companies there are back to work. China has been issuing protective masks and gloves to workers - something we in the US will have difficulty doing as long as healthcare workers need most available protective supplies. And, strictly enforcing social distancing would not allow most workers to return to American production lines or food and drink businesses any time soon.

Most Chinese companies were eager to get back to work, and most had significant order backlogs to work through. However, after filling those orders, many now appear to be struggling (as new orders have collapsed). Weak demand from the US and Europe is understandable, as the widening outbreak and enforced social distancing has cast an economic pall across both regions. More surprising is the first modern-era pullback in Chinese domestic consumer demand. As the WSJ notes, household credit is shrinking in China for the first time since credit cards became available. The article cites several factory owners who have laid off 30-50% of its workers.

Chinese PMI data reflects the

initial bounce in production after their nationwide shutdown in February. But, be wary about reading too much optimism from this rise, as even unreliable Chinese statistics may fall back in late March and April.

Finally, as internal travel controls are lifted in China, officials are bracing for a second wave of Covid-19 cases. China announced only 82,000 (likely significantly understated) Covid-19 cases so far, which would have been just 0.06% of its population. Even as research shows far more people than that are carrying antibodies, meaning they were infected, it's possible that only 2% of Communist China's population has immunity. Health experts there advised bolstering the healthcare system before lifting all social restrictions, so that if infections crest again in the fall, China's health care systems can treat more Chinese people (and hopefully reduce deaths).

Meanwhile, in the USA, February was the calm before the storm in coronavirus terms. March coronavirus as well as business statistics were far more depressing, pushing the firstquarter GDP figures below 0% growth. This shocking decline from America's recent record prosperity, followed by potentially even worse GDP statistics early in the second quarter, is "hard on everyone". Assuming that happens, the USA will technically be in a recession (two quarters of negative GDP). Two months ago, there was no sign of any recession in sight, but "Wuhan's Coronavirus" changed all that.

The number of active Covid-19 cases in the US skyrocketed past China's admitted totals recently. The vast majority of cases were in the New York City area. New Jersey even asked a panel of medical experts to draw guidelines on how they might ration ventilators. Bear in mind, too, that testing guidelines are still quite limited in most states. As a result, some states are likely severely undercounting. Florida, for example, was very slow to implement testing and had strict guidelines for testing. Drive through testing in Miami, for instance, was previously limited to symptomatic seniors over 65, and even then by appointment

The number of Americans filing for unemployment claims two weeks ago (3.280 million people) was indicative of the degree of shock to the economy that can be blamed on China's coronavirus. Yes, these were record claims. Recently any doubt about a US recession was just put to rest. March nonfarm payrolls plunged 701k, a much bigger than expected drop (that may be much less than the decline we will see in Aprils employment). April payrolls could be down 10-15 million. This is the range being talked about among my colleagues on Wall Street. March job losses were on a par with the worst ever in the US. April's even higher job losses should primarily be temporary. I remain optimistic that a high percentage of the recently unemployed will be back to work before the end of the 2nd quar-

Your mortgage professional should crunch the numbers to give you a good idea of how long it will take to break even on the cost to refinance, as well as provide you with amortization schedules showing how paying down the principle would shorten the time until payoff. When making your monthly minimum mortgage payment, make sure you indicate that you want the extra amount allocated to the other choices they might give you: principle, interest, or impounds.

Pre-Planning During a Pandemic

By Jenny H. Park

There are so many lessons to be learned due to this COVID-19 pandemic. One is the importance of honesty. Talking about a funeral plan for yourself or a loved one is necessary now more than ever. What are the benefits of preplanning and a pre-paid funeral? The major benefit is that you are ily from an enormous financial and emotional burden during a time of crisis. Secondly, the price of merchandise and services are fixed and guaranteed, so

Now with the outbreak of the coronavirus, agents can now make contactless arrangements through the phone. Clients can sign their contracts through eapplications sent to their emails. It can take less than 30 minutes.

When you call your funeral insurance agent, the agent will walk you through doing the paperwork to designate who will be in charge of decision-making for your funeral. If this person is not designated in advance, the next of kin will automatically be the person to make the decisions for you. The next of kin would be the legal spouse, then the adult children. The best way to override the next of kin order is to have the Durable Power of Attorney for Health Care (DPOAHC) document. Just make sure you have this document available, perhaps taped to a refrigerator.

When making arrangements, you can buy a funeral insurance policy and assign the proceeds to the funeral home. The price of the merchandise and services is

fixed against inflation. If you are receiving social security benefits, you can still qualify for the pre-need insurance policy. Another advantage to a pre-need policy is that you can make payments on the plan. There is a 3year, 5-year, 10-year plan. You are not simply expected to pay a lump-sum amount during an atneed arrangement.

Because of the pandemic and stay-at-home orders, funeral homes are limited to live streaming funeral services or having outdoor grave-side services. Check Engine Light - Ignore It or Fix It?

By Gene Morrill - Certified Automotive Specialists

WHAT YOU "AUTO" KNOW

When Glendora drivers' years ago first saw their check engine light illuminate they not only paid attention to it, they panicked. Many immediately pulled their car over to the side of the road and called for help. Now many drivers simply ignore it. It may be annoying to see it illuminated all the time but they get by. Some drivers have even chosen to cover it up with a piece of duct or electrical tape (yeah...I've seen that!).

When your check engine light illuminates it shouldn't be ignored. No...you don't need to panic and call for a tow truck but you do need to get it checked out. It is telling you that one of your vehicle's systems needs attention! Here are the possible systems:

- Ignition System Fuel Injector
- Emission Control

When a car is brought in to our shop we connect it to a diagnostic scan tool and our technicians analyze the data streams. These include:

- Idle Speed
- Throttle Response • Engine Temperature
- Fuel System Pressure
- Manifold Vacuum
- Exhaust Emission Levels

· Other Key Indicators

The scan tool gives them trouble codes stating why the check engine light illuminated. The technicians at Certified Automotive Specialists can then correct the problem and reset your car's computer. Ignoring the light can cause serious problems down the road that require an expensive repair and at the very least it plays havoc with your fuel economy.

One word of caution...never ignore a flashing check engine light! This is when you need to pull over immediately and call us for a tow. This indicates a critical problem such as

How To Help During COVID-19: LA County Encourages The Public To Support Community With Donations

As Los Angeles County residents experience disruptions in their daily routines, it is important to remember that certain populations such as our elderly, unhoused, undocumented, and those with underlying health conditions are disproportionately affected and more likely to face extreme hardship related to

COVID-19. There is a great need

to meet the growing demand for

"Disasters disproportionately strain low-income communities," stated Kevin McGowan, Director of the Los Angeles County Office of Emergency Management. "Single heads of household, the elderly and many others immediately feel the burden and have to find ways to deal with the consequences. Duarte City Council Approves Temporary Prohibition on Evictions for Residential and Commercial **Tenants Affected by COVID-19** rizing local jurisdictions to ex- ratified by the Duarte City

DUARTE - At its March 24, 2020, Duarte City Council passed an Urgency Ordinance. offering temporary protection from evictions of residential and commercials tenants for non-payment of rent for reasons associated with the coronavirus (COVID-19). The moratorium goes into effect immediately and will end after an initial thirty-day term, April 23, 2020, unless extended by action of the City Council.

The ordinance only applies to evictions of nonpayment of rent due to a substantial decrease in household or business income that includes, but is not limited to workplace closure, loss of compensable hours of work or wages, layoffs, or extraordinary out-of-pocket medical expenses caused by the COVID-19 pandemic, or by any local, state, or federal government response to COVID-

The new ordinance aligns with Governor Newsom's Executive Order N-28-20, authoercise such protections for residents and businesses who experience substantial decrease in income caused by the COVID-19 pandemic.

The Urgency Ordinance cites that Los Angeles County, including the City of Duarte, are experiencing a humanitarian crisis of homelessness. Displacement of renters and additional business relocations or closures by commercial evictions from income loss caused by COVID-19 would only further compound the rise in homelessness rates and potentially put the public at greater risk if individuals with COVID-19 are unable to quarantine themselves in their homes.

Tenants are still obligated to pay their rent and will have up to three months after the City of Duarte proclaims the termination of the Local Emergency to repay any unpaid rent. The City's Local Emergency proclamation went into effect on March 17, 2020 and was

Council on March 24th.

"We are making every effort to protect our community's physical well-being, financial stability, and overall economic health as we weather this storm together," said Mayor Samuel Kang. "When this is all over, we want Duarte residents housed, children back in our schools, and businesses able to thrive. Hopefully these steps will ease the pain and provide some relief as California works to flatten to curve of spreading the coronavirus by following State and County mandates to stav at home."

As a result of the local emergency declaration, the City has also suspending street sweeping restrictions and no 3-6 AM parking enforcement, understanding that residents are spending more time at home and are encouraged to do so.

Visitors to national forests are urged to take the precautions recommended by the Centers for Disease Control and Prevention (CDC) so that these areas can remain open for everyone's enjoyment.

To protect public health and safety all visitors to the forest are encouraged to:

- Avoid visiting the forest if you are sick and/or experiencing COVID-19 symptoms.
- Follow CDC guidance on personal hygiene and social distancing before and during your visit to the forest.

Arcadia Advises Residents To Wear Face Coverings In Public

ARCADIA - Per additional guidance from local, state, and federal public health officials, the City of Arcadia is encouraging all residents to wear face coverings when outside the home conducting essential activities, like going to the grocery store or caring for family members, to help slow the spread of COVID-19. This recommendation does not substitute existing guidance about social distancing and handwashing.

A face covering can be any material but is typically made of cloth that covers the nose and mouth. It can be secured to your head with ties or straps,

or simply wrapped around the lower face. In addition to cloth, face coverings can also be made with cotton, silk, or linen. A cloth face covering may be factory made or sewn by hand, or can be improvised from household items such as scarfs, tshirts, sweatshirts, or towels. Remember to wash hands and coverings before donning them.

Please avoid purchasing surgical masks and N95 respirators as there is urgent need for these items for frontline medical professionals and first responders.

There is evidence to suggest that the use of cloth face coverings by the public could help reduce COVID-19 transmission. The primary role is to reduce the release of infectious particles into the air when someone speaks, coughs, or sneezes. Face coverings are not a substitute for physical distancing, washing hands, or staying home when sick.

When officers arrived, they approached the two subjects, the man jumped into a sportsutility vehicle and took off. Police gave chase as the suspect headed east and the pursuit ended when the SUV crashed into a fence in the 5400 block of North Rockvale Avenue. The 62-year-old suspect then fled on foot. The suspect was tackled and arrested without injury to the suspect or officers.

Protecting Retail Grocery, Drug Store and How and Why to Keep Kids on a **Schedule During School Closures**

School closures have forced families nationwide to readjust to the current reality. However, a sense of structure is important for children's developmental growth. To create a routine for your kids that sticks, consider the following tips:

• Just because there is no formal school day doesn't mean kids should sleep in or stay up late at night. Keep the same bedtimes, wake-up routines and mealtimes you always maintained during a regular school week. Doing so will bookend the mornings and evenings with a

sense of normalcy.

• Mimic a school day to the best of your ability. Use the distance-learning tools your child's teachers offer as well as other educational apps and resources to have kids focus on different school subjects. This will help break up the day into little chunks just as would happen in the classroom. Be sure to build in time for art projects, exercise and music. Most importantly, don't forget "recess." If possible, allow children to play in the backyard where they can socially distance from neighbors, or set up an area of your home for playtime.

• Evenings are a good time to relax and unwind together. Play board games, watch your children's favorite movies or even use the many resources available online to enjoy a virtual walking tour of a museum, botanical garden or zoo. This is also a good time to allow children to connect with their friends using video chat or with family members they are not currently able to see in-person.

• For many children, screens are their greatest distraction. For this reason, one of the best ways

to ensure your children stay focused on the schedule you create for them is by managing their

One easy way to do so with less direct intervention from you (since you are likely busy yourself!) is by using a screen time monitoring and scheduling tool like the OurPact app. Get started by signing up for a free account and pairing your children's devices. From there, you will be able to manage devices remotely to create a schedule that keeps kids offline when they need to be focused on other things. It can also be customized to allow children to visit and use only certain learning sites or apps during particular hours of the day. Because this schedule lives on the children's devices as well, you'll be giving them the comfort of a routine. To learn more or down-
