- Conditional Use Permit (CUP) 19-002: To establish two drive-through buildings for Lot 62 and Lot 65 of the commercial development for speculative drive-through businesses.

Project Location: The project site is located at 1000 North Azusa Avenue, APN: 8421-001-016 and 8421-001-061

Project Description: The proposed project includes a mixture of residential and commercial land uses on the 7.92-acre project site. The residential component of the project (Cypress Villas) would be located on the eastern 4.99 acres of the project site and would consist of 61 single-family detached homes, common area open space, homeowner and visitor parking, private yards, private drives, and two- and three-story floor plan options. Site access for the residential component would be from a gated entry located on Cypress Street.

The commercial component of the proposed project (Covina Commons) would be developed on the western 2.93 acres of the site, along the Azusa Avenue frontage. This component would consist of four buildings totaling approximately 13,000 square feet on three building sites, which includes two buildings designed to accommodate fast food/drive through businesses. Access to the commercial parcels would be from three existing drives located along the Azusa Avenue frontage as well as an existing drive located on the Cypress Street frontage. The project also includes dedication of 0.078 acres along the Cypress Street frontage as public street right-of-way.

Pursuant to and in accordance with the provisions of the California Environmental Quality Act (CEQA) Guidelines, the City has analyzed the proposed project and concluded that an Environmental Impact Report (EIR) could be prepared. The Draft EIR identifies that the proposed project would result in no impact or less than significant impacts in the following environmental impact categories: agricultural and forestry resources, air quality, biological resources, energy, greenhouse gas emissions, hazards & hazardous materials, hydrology and water quality, land use and planning, mineral resources, recreation, transportation and traffic, and utilities and service systems. Implementation of the Project would result in potentially significant impacts related to the following environmental topics, which could be reduced to a less-than-significant level with the identified mitigation measures: aesthetics, cultural resources; noise; and tribal cultural resources. Significant unavoidable impacts were identified for population and housing, and public services. The Notice of Availability of the Draft EIR was published in the San Gabriel Valley Examiner on August 27, 2020 and the Draft EIR was released for a 45-day public comment period beginning on August 27, 2020, and ending on October 12, 2020. Two(2) Comments were received during the Draft EIR review period and Responses to Comments were mailed on October 28, 2020, more than 10 calendar days prior to the Planning Commission considering the Project.

Document Availability: The Draft EIR, and related documents are available for review at: Covina Community Department - Planning Division at City Hall, 125 East
