CITY OF COVINA **NOTICE OF PUBLIC HEARINGS**

NOTICE IS HEREBY GIVEN that the Planning Commission of the City of Covina will conduct a PUBLIC HEARING in the City Hall Council Chambers, 125 East College Street, Covina, on Tuesday, December 14, 2021 at 7:00 p.m., to consider the following applications:

A General Plan Amendment (GPA) 21-1 to change the land use designation from "General Commercial" to "High Density Residential," a Covina Forward Specific Plan (CFSP) Amendment 21-1 to change the zoning from "Institutional" to "RD Multi-Family Residential," a Tentative Tract Map (TTM) 83343, and a Site Plan Review (SPR) 21-87, to allow the construction of five (5) 3-story townhouse buildings, totaling 38 units with 2-car attached garages on approximately 1.5 acres of land, located at 155 E. Covina Boulevard - APN: 8406-019-097.

Pursuant to and in accordance with the provisions of the California Environmental Quality Act (CEQA) Guidelines, the City has analyzed the proposed project and concluded that an Addendum to the adopted Environmental Impact Report (EIR - SCH No. 2016051053) could be prepared. State CEQA Guidelines (Sections 15162 and 15164) provide that an Addendum to an adopted EIR may be prepared if none of the conditions triggering a subsequent EIR are present. The City has conducted a full analysis of the proposed project as compared to the original Project and determine whether implementation of the proposed project would result in any new significant environmental impacts not identified in the certified EIR. This addendum also evaluates whether mitigation measures or alternatives previously found infeasible would become feasible due to changes that have occurred since certification of the EIR. The proposed project does not change the nature of the environmental impacts associated with the original Project, which remain the same levels as described in the adopted 2016 EIR and none of CEQA Guideline 15162's criteria is triggered. Thus, a subsequent or supplemental environmental document is NOT required to be prepared. In particular, there

- Substantial changes proposed for the Project that will require major revision of a previous Negative Declaration due to the involvement of new, significant environmental effects or a substantial increase in the severity of previous identified effects;
- Substantial changes with respect to the circumstances under which the Project is undertaken, requiring major revision to a previous EIR due to the involvement of new significant environmental effects or a substantial increase in the severity of previously identified ones: and.
- New information of substantial importance that was not known or could not have been known without the exercise of reasonable diligence at the time the previous EIR was adopted that shows any of the following:
 - The Project will have one or more significant effects not discussed in the previous
 - Significant effects previously examined will be substantially more severe than disclosed in the previous EIR:
 - Mitigation measures or alternatives previously found not to be feasible would in fact be feasible and would substantially reduce one or more significant effects of the Project, but the Project proponents decline to adopt them.

The Planning Commission will consider the aforementioned Amendments and make a recommendation to the City Council for a final decision. The public hearing before the City Council will be scheduled and noticed for a later date
